COMMENTS ON THE REASON FOR NOTICE OF ALLOWANCE

Sir:

It is Applicant's position that it is the combination of a cable actuated mechanical disc brake comprising a caliper housing and a cable guide rigidly fixed to the housing, the cable guide having a cable receiving bore extending along a guide axis which is fixed relative to the housing for axially receiving a cable and the guide surface discussed in the Reasons for Allowance that distinguishes over the references cited either alone or in combination by the Examiner.

Respectfully submitted,
